The Hyrax Song (Pearls of Wisdom Series Book 2) is a work of fiction in the fantasy and adventure subgenres, and it forms the second installment of the series. This work

by Catherine Ann Russell and artist Brooke Connor is intended for children. We follow a series of adorable animal creatures on a quest to find the truest version of themselves in this short tale based on Biblical messages of goodwill to others. Our protagonist, the mouse Princess Journee, must band together with friends old and new to save her father's kingdom from a dark fate that awaits. In doing so, she will encounter all different kinds of personalities and ideas and learn to embrace others with acceptance and cooperation.

I enjoy children's works that have a clear moral message but also manage to tell a compelling story without simply turning it into another sermon or lecture on Biblical morals. Catherine Ann Russell achieves this beautifully in this succinct but memorable work that independent readers will certainly enjoy escaping into. To add to the layers of clever storytelling and positive theming, the illustrations by Brooke Connor make the story come to life for those whose imaginations need a little more of a nudge. The combined approach gives a unique personality to Journee and each of her lovable friends, making readers even more invested in the outcome of their adventures. The Hyrax Song will certainly please fans of the first work in the series, and newcomers will adore discovering a new storytelling style from a creative team with an uplifting message to share."
